About Us

Asmotek is a forward-thinking technology solutions provider **headquartered in the UAE**. We specialize in digital transformation, enterprise solutions, and innovative software development. Our mission is to help businesses automate operations, leverage smart technologies, and accelerate growth.

Asmotek is a **sister company of Cybobits UAE** (www.cybobits.com) with a **strategic partnership** that strengthens our expertise, enhances our service portfolio, and expands our global reach. This synergy enables us to deliver high-quality, future-ready solutions tailored to diverse industries and client needs.

VISION

To empower businesses with intelligent and automated solutions that drive sustainable growth.

OUR STORY

Founded with a vision to redefine digital transformation, Asmotek has been at the forefront of delivering ERP, CRM, and customized business software solutions.

Over the years, our portfolio has expanded to include advanced mobile app development, modern website experiences, and full-scale digital marketing solutions.

Our team's technical expertise and design thinking enable businesses to stay competitive in the fast-changing digital era..

OUR SERVICES

At Asmotek, we provide a complete suite of digital and enterprise solutions designed to automate, integrate, and elevate business operations:

ERP Solutions:

Robust, scalable, and customizable ERP systems tailored to streamline business processes using platforms such as Odoo.

CRM Solutions:

Customer relationship systems to boost engagement, retention, and sales efficiency.

HRM Solutions:

Smart tools for employee management, payroll, and performance monitoring.

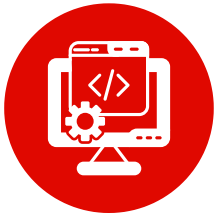

Mobile App Development:

A key strength of Asmotek — we design and develop **cross-platform mobile apps** using **Flutter, iOS, and Android** frameworks.

Our apps combine intuitive design, high performance, and seamless integration with enterprise backends like Odoo and custom APIs.

Website Development:

We craft **modern, responsive, and SEO-optimized websites** using technologies like **React** and **WordPress**, ensuring each project reflects the brand's identity and maximizes user engagement.

Software Development:

Full-cycle custom software services using **Java, Python, Spring Boot, Microservices, MySQL, Oracle, and PostgreSQL** to build scalable enterprise-grade applications.

SEO & Digital Marketing:

Targeted strategies to improve online visibility, ranking, and reach.

Social Media Marketing:

A dedicated digital marketing division that creates engaging content, manages brand presence, and runs conversion-focused campaigns across Facebook, Instagram, LinkedIn, and other major platforms.

School Management System:

Comprehensive school administration tools for admissions, attendance, class management, exams, invoices, payroll, parent communication and more — built for efficiency and ease of use.

OUR PRODUCTS

Asmotek develops innovative products tailored to specific industries and client needs. Our solutions are designed to streamline workflows, improve efficiency, and drive growth. Examples include ERP customizations and School Management Systems.

Asmotek develops innovative and scalable mobile applications that seamlessly integrate with **Odoo ERP**, empowering businesses to operate smarter and faster.

All Asmotek mobile apps are designed to support **unlimited users** without requiring additional Odoo user licenses — providing cost-effective scalability for organizations of all sizes.

OUR ODOO-INTEGRATED MOBILE APP SUITE

AsmoSales App

At Asmotek, we provide a complete suite of digital and enterprise solutions designed to automate, integrate, and elevate business operations:

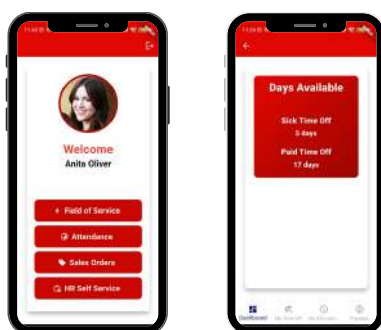

AsmoTime App

Mobile-based attendance that syncs effortlessly with Odoo.

Enable your employees to **check-in and check-out** via mobile, with automatic updates to the **Odoo Attendance Module**. Simplify workforce management while ensuring accurate time tracking.

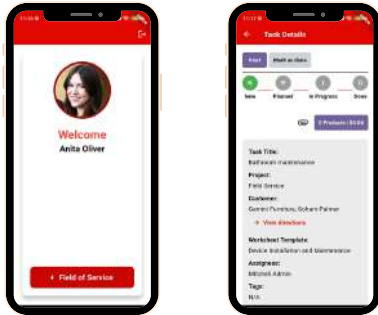

AsmoHR4Me App

Your all-in-one HR companion to simplify employee management.

Access payroll, leave management, performance, and employee data through a single mobile platform fully integrated with Odoo HR modules. Manage your HR processes without hassle — all in one place.

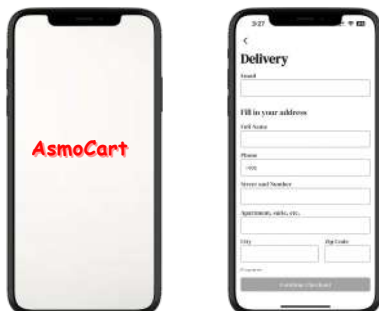

AsmoField App

Automate and streamline your field operations with ease.

Assign, track, and manage field service tasks efficiently using a powerful mobile interface connected directly to Odoo's Field Service module. Improve accountability, scheduling, and customer satisfaction.

AsmoCart App

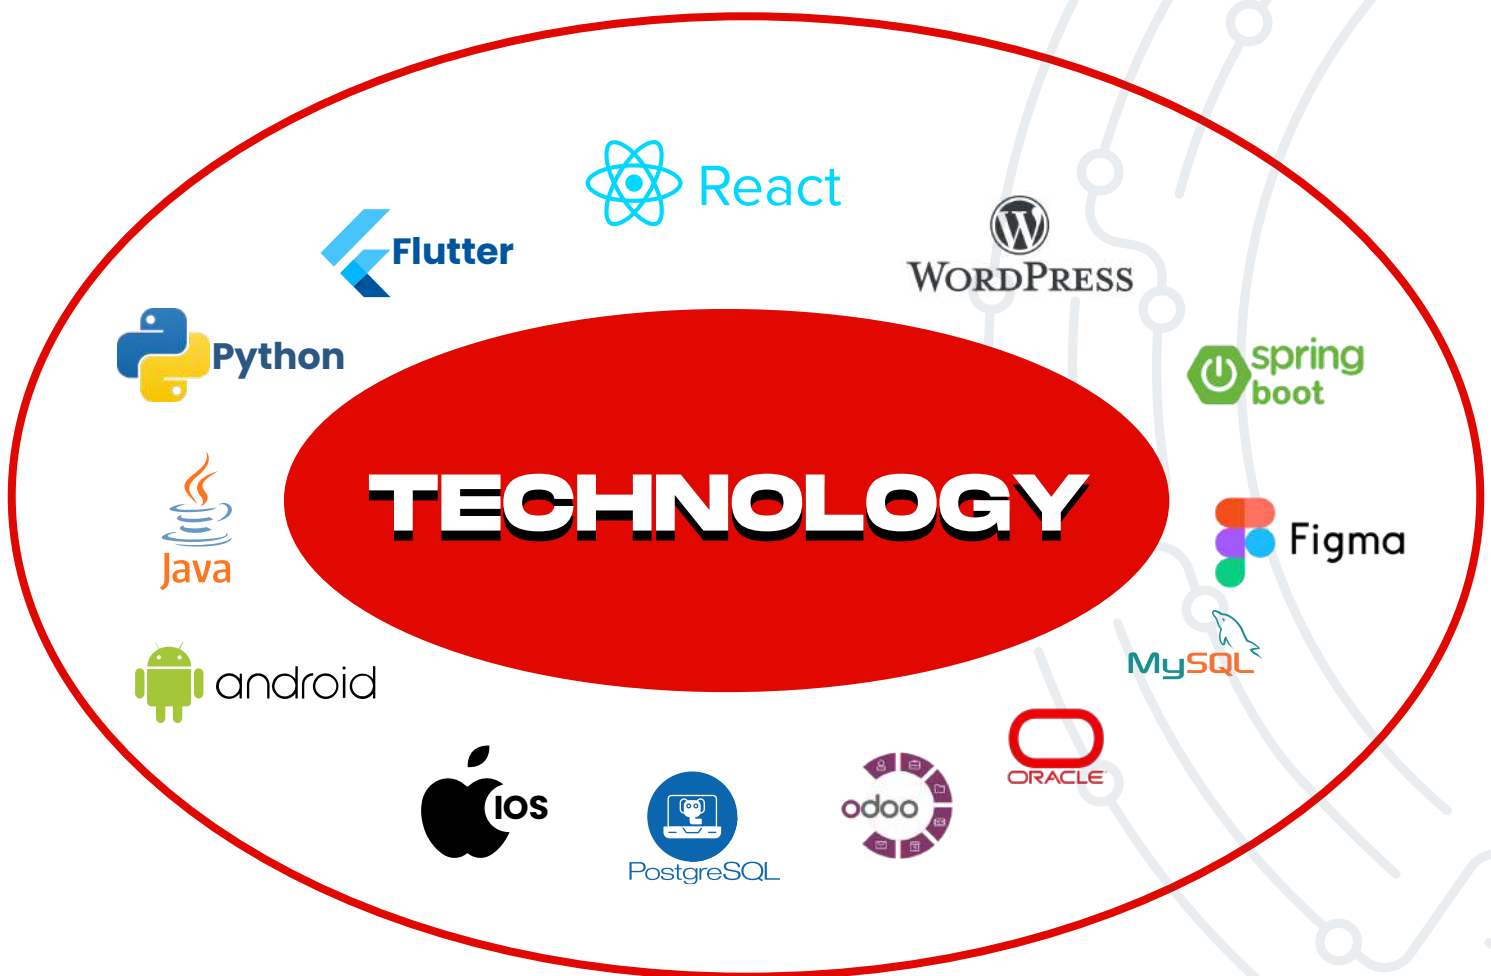

Your seamless mobile shopping experience integrated with Odoo eCommerce.

Manage your online store, process orders, update inventory, and enhance customer experiences from anywhere. Deliver smooth, real-time commerce management right from your phone.

Each of these apps reflects **Asmotek's core philosophy** — Automation. Smart. Momentum. — helping businesses achieve digital efficiency, intelligent control, and continuous growth.
